BATCH #101 "THE LEGACY"

"The story of Napa is written by the legacy of its founders, its current makers and its future generation of vintners.

Our one hundredth and first batch is a taste of The Vice's legacy, in making exceptional Napa Valley wines accessible to all."

2021 VINTAGE

Abundant sunshine during the growing season with very little rain and a warm spring. By May, it became very clear that 2021 would be a pretty severe drought year. An uneventful summer. Crop size in our Stags Leap District vineyard was 50% less than average and what was left hanging was tiny, packed with color, tannin and flavor.

VINEYARD

Our hillside vineyard is located on the foothills of the Vaca mountain range with gravelly soils that retain minimal water and yield fruit with great flavor and intensity. Organically farmed without the use of synthetic pesticides or fertilizers.

TASTING NOTES

Swirl well and you may let a perfume of berries, cassis and warm cacao roar out of the glass with fresh breezes of eucalyptus.

On the palate, a discovery awaits of a multi-dimensional wine that narrates the drought elements of 2021 vintage; with unrivaled tenacity of berry character and concentration of flavors.

Confesses layers of dark and red berry fruit compote that melds into a chocolaty core. The velvety tannins make way for a "vice long" finish of vanilla and holiday pine. Quite hard to resist now, might worth a bitcoin in your cellar someday.
